Station Madras., Dated the 4th April 1940.

From (Name) F. Sayers, Esquire, C.I.E.

(Designation) Inspector-General of Police.

To The Secretary to the Government of Madras,

HOME Department.

Sir,

I have the honour to request Government kindly to accord sanction for the condemnation and sale in auction of the old Police line huts at Hospet in the Bellary District.

2. There are 2 blocks of 8 line huts each at Hospet occupied by the men of the Hospet Taluk Police Station. They were built between 1890 and 1894 at a total cost of Rs.2970-12-4 Repairs to the extent of Rs.2827/- were carried out during the years 1930 to 1938. The heavy rains in the latter part of 1939 have rendered the huts uninhabitable. The Executive Engineer who was consulted in the matter is of the opinion that they

Copy of letter No. 2384-M, dated 15th December 1939 from the Executive Engineer, Bellary Division, Bellary to the District Superintendent of Police, Bellary.

Subject.- Old Police line huts - Hospet - Condemnation - Opinion - Furnished.

Refce.- Your R.C. No. 1925/Genl./39, dated 5-10-1939, 21-11-1939 and 7-12-1939.

I forward herewith a copy of my Sub-divisional Officer's letter No. 1944-E, dated 9-12-1939 which explains clearly about the condition of the above Police Lines. I inspected these lines on 29-11-1939 and I agree entirely with the remarks of my Sub-Divisional Officer.

2. The buildings would require extensive repairs and improvements at considerable cost and it is not feasible to improve them. The buildings may therefore be sold in auction.

Old Police line huts - Hospet - Condemnation - Opinion requested.

Refce.- Divl. No. 4082-S/B.128, dated 16-10-1939.

With reference to the above, I enclose a line sketch of the Police lines with a cross section of the same and also calculations to show that the foundations are safe. The sub-soil is hard compact gravel and the pressure on foundations comes to 1 ton per sq. foot against 7 to 9 tons per sq. foot for this kind of soil.

The

The buildings are not according to any type design. These are ill-ventilated with insufficient accommodation. The floors are very damp. The roof is leaky. The verandah rafters are all palmyrah wood and mostly rotten. The beams inside rooms are sagged. The floors are all water logged with no slope for passage of water outside. There is only one front verandah which is to be used as kitchen, bath room etc. There is no yard. Smoke cannot escape outside and the rooms are very dark and insanitary. The roof is of terrace with tsoudu earth.

The building has to be repaired at considerable cost and it is not possible to improve them by adding verandahs in rear with a yard. Hence the buildings may be condemned and sold in auction.

The Executive Engineer also inspected the building on 29-11-1939.

Copy of letter No. 393-M, dated 6-3-1940 of the Executive Engineer, Bellary, to the District Superintendent of Police, Bellary.

The building "Old Police lines, Hospet" is in charge of the Police Department and para 235 of the Madras P.W.D. Code is applicable to the buildings in charge of the P.W.D. only. However, I have already reported in my No. 2384/B.128, dated 15-12-1939 that the cost of repairs to the building is prohibitive and it is not also feasible to improve it and that it may be sold in auction. This may be taken as my certificate for condemning the building as past repairs.
